CLiCK | PHOTOPRINT me!

PhotoPrintMe is an online catalogue that allows users to access a variety of products and formats*

PhotoPrintMe in your **CLICK** allows you to:

- Receive orders in your store from anywhere.
- Immediately manage your incoming orders.
- Automatically print orders.
- In order to manage your orders from Dispatcher, you will have a QR*.

Enjoy a 1 year subscription by registering your device at www.mecloudprinter.com.

*Specific QR to receive online orders directly to your CLICK equipment.

CLiCK | **Hotfolder**

Hotfolder or shared folder is a powerful tool that provides multiple features

Some examples of its applications:

- It acts as a network folder to print locally: connect your external MAC or PC so that your jobs print directly.
- It allows you to easily manage events.
- Each folder is configured for a single format and specific attributes.
- Up to 16 shared network folders.
- Allows you to print the images you receive by automatically adding text or masks.

Preset sizes for Hotfolder*

5x15cm	9x13cm	10x15cm	11.5x15cm
13x13cm	13x18cm	15x8.5cm	15x8.9cm
15x15cm	15x20cm	15x21cm	15x23cm
15x36cm	15x51cm	20x25cm	20x30cm
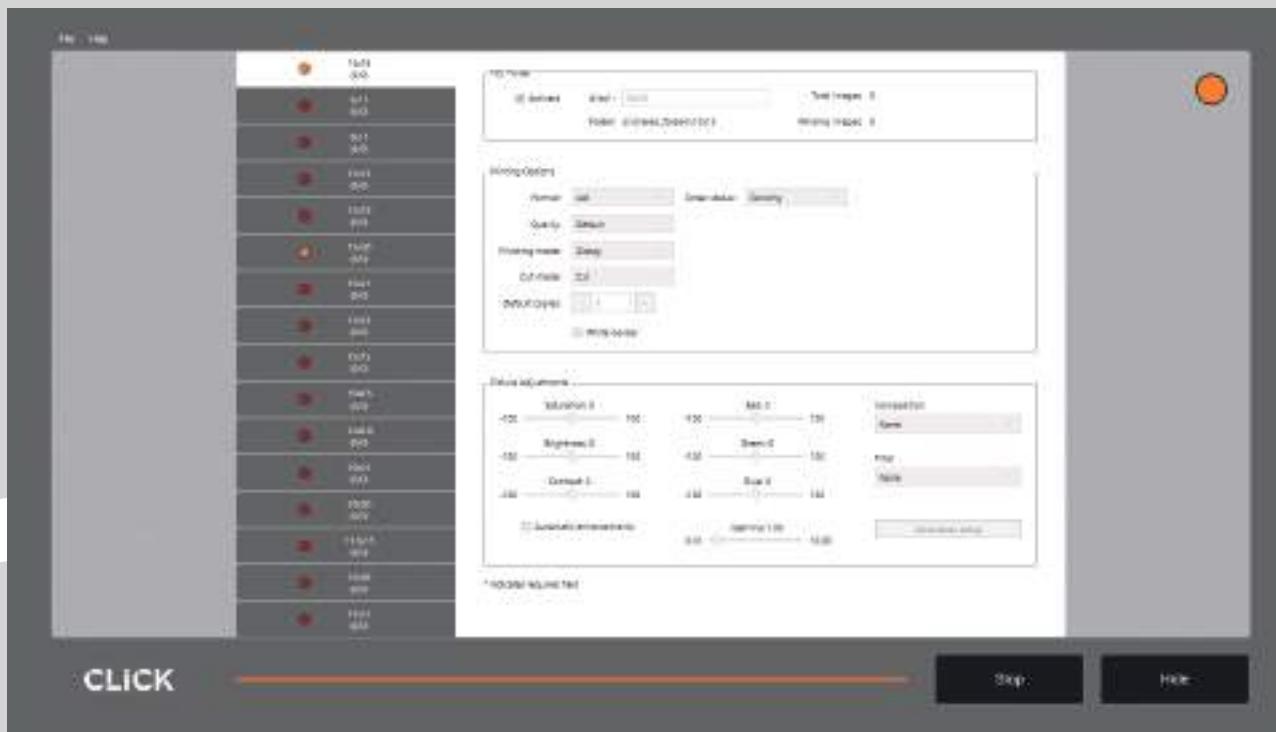

Check the compatibility of your printer(s) with these sizes.
Function not available for double-sided printing.

CLiCK | Products
